This agreement represents a season-long contract. If for any reason I cannot complete the contract, I will designate another Coonamessett Farm member to be the recipient of my shares. It is my responsibility to see that my share is picked up on the designated day and time unless special arrangements have been made at least a week in advance. I understand that the grower is committed to the best of his ability to meet the target share amount but that agriculture is subject to many natural forces that may impact the target share amounts. All payments are non-refundable.
